STAT

Dear 

STAT

As permanent chairman of the Joint Chiefs of Staff Working Party on Ground Intelligence Photography, it is my official and personal pleasure to extend the Working Party's appreciation for your efforts on our behalf during our recently completed meetings held in the Los Angeles area.

While, regrettably, I was unable to attend I have received several reports to date expressing considerable enthusiasm for all aspects of the meetings and for your excellent and thought provoking presentations in particular. I have no doubt that you will receive inquiries from individual members of the Working Party hoping to explore with you ways in which you can aid in the accomplishment of the members' missions.

Again may I express our thanks for your generous and welcome participation and extend our wishes for your continued success.

Sincerely yours,

Arthur C. Lundahl
